Please bring the completed form to the reception to avoid delay: Thank You!

INSTRUCTION TO FILL THE ABOVE FORM:

Please download enrollment form and fill the **GRAY** portion **IN CAPITAL LETTERS** to the best of your abilities.
Leave the portion blank if you do not understand the instructions or have queries.
Please sign and date the bottom portion **AND BRING ORIGINAL WITH YOU.**
You can make photocopy of your I.D. / Passport Page with photograph/ INSURANCE CARD at the back of the form if possible

USCIS MEDICAL EXAM INSTRUCTIONS:

BEFORE EXAM

Bring Passport Photo page copy showing number of passport , if available. [Optional]
Any other form of I.D. [Driver's License, State I.D. etc.] [**MANDATORY**]
Alien number if available [**OPTIONAL**]
Records of Childhood Vaccinations - if available- **Please do not waste time in getting old records -freshly written by physician in your country.**
Ask your parents or Elderly, if you have had Chicken Pox at any age [VARICELLA]- [YES OR NO]
Please inform the doctor if you had BCG vaccine in Child hood.
Please inform the doctor if you are pregnant , suspect pregnancy, trying for pregnancy, or on fertility medications. [MANDATORY]
No need to bring I 693 & Supplemental I-693 forms, as they will be provided by Prism Medical Center.

DURING EXAM

Wear non fitting loose clothes specially both arms for possible vaccinations.
No need to fast before exam unless you wish to undergo additional blood tests like blood sugar, cholesterol etc.
For patients 15yrs or above age- blood test will be drawn for HIV and RPR testing. [**MANDATORY**]
2-3 vaccines may be given depending on the age and history of the patient- at additional costs.
T.B. Skin Test will be placed and you will have to return in 2-3 days for reading the test. [**MANDATORY**] **UNLESS**
Please inform the doctor if you have been treated in the past for active Tuberculosis, or had positive P.P.D. and have completed treatment with antibiotics.

POST EXAM INSTRUCTIONS

If Skin Test for T.B. is placed, follow up in 48-72 hrs is **mandatory** to evaluate skin test.
Chest X-ray will be required at additional costs, if your skin test shows any reaction. [**MANDATORY**]
You may develop mild fever or little redness and swelling at the site of injections, which will subside in 2-3 days
You may develop some kind of purplish or bluish discoloration at the blood site drawing, which will subside on its own in 3-5 days. No need to treat.
You may choose to take 2 Advil or Tylenol 2-3 times a day, for pain and swelling. Apply cold to the site of swelling.
Follow up with the physician if problem of swelling or fever persists for more than 3 days.

MOST IMPORTANT !!

Medical Exam for U.S. Immigration is only to be performed by USCIS Certified Civil Surgeon at USCIS Certified Medical Center
Do not open the sealed envelop given by the Civil Surgeon
Copy of the records will be provided to you and your referring attorney at no cost.
Medical Exam for immigration is valid only for One Year.
Occasionally Final report may be delayed due to unseen problems of requiring additional confirmatory blood testing, skin test, X ray findings or if pregnancy is suspected and immunity titers are ordered.

FOR PREGNANT PATIENT OR PATIENT ON FERTILITY MEDICATIONS OR WHO IS DOUBTFUL ABOUT PREGNANCY:

Blood test for HIV / RPR, SKIN Test for T.B. is safe. Vaccines are contraindicated . You may choose to get a waiver from vaccinations or opt for blood IGG testing to prove immunity at additional cost or produce authentic records of past vaccinations. The waiver is only valid till your delivery date and if your application has not ben adjudicated till that time than USCIS may send the medical back for optimizing vaccinations.

FOR PATIENT'S COMING FROM LONG DISTANCE AND DO NOT WANT TO RETURN TO CHECK P.P.D. TESTING 2-3 DAYS LATER OR WISHES TO FINISH PROCESS IN ONE SITTING.

- [a] If you have documented positive testing for skin test in the past, no need to repeat P.P.D. Again, you may undergo Chest Xray and finish your process same day with results mailed to you in 48hrs.
- [b] If you have negative T.B. testing in the past. You still can undergo T. B. skin test and Chest Xray at same time. A T.B. Card will be given to be read in 48-72 hrs by local nurse or doctor and faxing that card back to us.
Upon receipt of the fax of T.B. card results, your report can be sent to you by mail. The cost of X-ray is additional in this event.
- [c] Fed-Ex can be sent if you bring pre-paid and pre-addressed envelop with you upon arrival for your appointment.

THANK YOU ! WE HIGHLY APPRECIATE YOUR TRUST AND REFERRAL !
